Pull me close...

- 🍎 I am learning about rules at school. Rules help me know what to do. When I follow the rules, my teachers are proud of me!
- 🍎 My teacher is teaching me about **compliments**. She tells me something she likes that I'm doing or wearing and I feel so happy. We will learn more about **compliments** at my school this year!
- 🍎 I met some new pretend friends: Twiggle the Turtle, Daphne the Duck, Henrietta Hedgehog, and Duke the Dog. They will help me learn how to be a good friend.

Let's play!

- 🍎 I'm making new friends at school! Ask me to tell you some of their names. Maybe I could draw a picture for one of my new friends and take it to school tomorrow and give it to them. That helps me to be a good friend.
- 🍎 I love my school but saying, "goodbye" and being away from you can be hard. Let's make up a special goodbye saying or routine like rubbing noses or putting a kiss from you in my hand and then in my pocket for later when I'm feeling sad.

Here's the number 4. Can you find it?
