

Which shirt is YELLOW?

Which shirt is BLUE?

Use to test touching and/or naming RED, YELLOW, and BLUE.

For Year 1: "Here are some shirts." Test by having the child touch the colors. First, say, "Touch this one (Elmo's). Now touch this one (Cookie Monster's)" to gain compliance. Follow with, "Touch the BLUE one. Touch the RED one. Touch the YELLOW one."

For Year 2: "Here are some shirts. They are all different colors. Do you know these colors?" If the child does not name any spontaneously, point to each and ask, "What color is this?" If the child does not name any colors, have him touch the colors (see Year 1 above).
